Ayman Mohammad Ali

Lawyer | Information Counselling and Legal Assistant (ICLA) |
Experienced Humanitarian and development professional | Lawyer
and Legal Advisor | Legal issues
Aleppo Governorate, Syria

Summary

"A lawyer's time and advice are his stock in trade." => Abraham
Lincoln.
My work over 15 years is based on practical experience and
outstanding scientific professionalism in the field of Sharia and law
through professional legal practice.

I seek to provide the best legal services to help our clients deal with
their challenges and achieve their goals. I do my best to provide
effective services according to high professional standards to ensure
privacy, commitment and quality for our clients.

If you are interested in working with clever lawyers, it is worth
considering contacting me so that we can work together to preserve
your rights.

I am also looking forward to finding the right opportunity to work as
a full-time lawyer in a firm that values creativity and teamwork. I love
working with other expert lawyers who share the same vision.

Also, I'm passionate about programming with four years. I build
many projects with HTML, CSS and JavaScript. Now, I try to use my
experience in programming to help lawyers build their websites and
introduce their law firms.

Referral case.

Input and update beneficiary data into ICLA's case management tools.

Contribute to monthly progress reports on activities.

Self Employed
Lawyer
January 2009 - January 2019 (10 years 1 month)
Syria

Legal Research: I've conducted thorough research on laws, regulations, and case precedents to build a solid foundation for my cases.
Client Consultation: I met with clients to understand their legal issues, provide advice, and discuss potential strategies for their cases.
Drafting Legal Documents: I prepared and reviewed various legal documents such as contracts, pleadings, and briefs to ensure they meet legal standards.
Representation in Court: I represented clients in court proceedings, presenting arguments, examining witnesses, and advocating on behalf of their clients.
Negotiation: I negotiated settlements and agreements on behalf of my clients, aiming to achieve favorable outcomes without the need for litigation.

Ayman Mohammad Ali
3 years 7 months

Frontend Web Developer
July 2015 - December 2018 (3 years 6 months)
Turkey

LaslesVBN

This is a project that I completed as a part of Almdrasa.com coding final challenge. The main goal of the project was to create a responsive website using HTML, CSS (BEM), Flexbox, CSS grid, and SASS.

Technologies Used
The following technologies were utilized in this project:

HTML, CSS (BEM), Flexbox, CSS Grid, SASS

Project Overview
The website was designed with responsiveness in mind, so it looks great on all devices, from desktop computers to mobile phones. Flexbox and CSS Grid helped create a flexible and responsive layout that adapts to different screen sizes.

Frontend Web Developer
June 2015 - January 2018 (2 years 8 months)
Turkey

Doob Agency
Doob is a Modern Multipurpose HTML5 Landing Page. Comes in modern, flat design with vibrant colors. Doob is fully responsive, it works great on all devices, any screen size, including desktops, laptops, tablets, and mobile phones.
Based on : HTML5, CSS3, JS, SASS
And I work every day to develop this page with more JS and other technologies.
